## **SELECTED** FROM THE **SCP/BULB** FB AND IG STREAMS

When in 2015 I was founding BULB in an Open Day in Bucharest, I could not imagine that very soon it was to become one of the best world collectives.

Last November BULB had the honour to be featured in the Trieste Photo Days side by side with iN-PUBLIC, OBSERVE and VoidTokyo <https://tales.exhibitaround.com/en/collettivi/>

Not bad for a young bunch of photographers from the Balkans. Let's hope that 2022 will bring more deserved recognition to all of them. In the meantime enjoy the selection of photographs our editors are performing always with a keen eye for the vast talent which is out there.
